PostgreSQL Tables for Dragonite bot

1. **dict**

-user defined dictionary that is guild exclusive
-def is the definition of the word
-date is the date the word was defined
-id is the discord id of the member that defined the word
-guildid is the server id where the word was defined

	word text	def text	date text	id bigint	guildid bigint
1	re:zero	mine	July 20...	1332424192	96842991647

11	2720721920 {}	false	{"Satella#4...	{}

4. TCG

-userid is the discord id of the user
-pid is the pokemon id of the card
-amount is how many cards the user owns of that pokemon

	userid bigint	pid integer	amount integer
1	1332424192	78	1
2	1332424192	691	1
3	1332424192	610	1
4	1332424192	192	1
5	1332424192	242	1
6	3112254464	711	1
7	1332424192	66	1
8	1332424192	540	1
9	1332424192	85	1
10	1332424192	722	1
11	1332424192	786	1

5. Trainer
For catching other discord members
-trainer is the discord member id
-mons 1 through 3 is the party of the discord member id
-guildid is the server of the discord member who has mons 1 through 3 in their party

	trainer bigint	mon1 bigint	mon2 bigint	mon3 bigint	guild bigint
1	8089197578	[null]	[null]	[null]	0905422848
2	9414416384	[null]	[null]	[null]	0905422848
3	7892803585	[null]	[null]	[null]	0905422848
4	7524334592	[null]	[null]	[null]	0905422848
5	8813983745	[null]	[null]	[null]	0905422848
6	3112254464	[null]	[null]	[null]	0905422848
7	2720721920	[null]	[null]	[null]	5842991647
8	0555825162	[null]	[null]	[null]	0905422848
9	8079126528	[null]	[null]	[null]	0905422848

6. **tusage**

-Only stores the number of times a reminder was sent. This means 48 reminders have been sent. When a reminder is sent, the bot informs the user the reminder message their message is associated with.

	cmd text	usage bigint	id bigint
1	rm	48	[null]

7. **users**

-Stores the bag of a user, gald, command usage (usage), level
-gald is money currency
-pball are pokeballs
-gball are great balls
-uball are ultlra balls
-mballs are master balls

id bigint	usage integer	gald bigint	arrows integer	bomb integer	pball integer	gball integer	uball integer	mball integer	total bigint	level integer
